

AUSTRIA AND RUSSIA MAY FIGHT

Possibility Rises From Balkan Troubles—Russian Bear Ready With 80,000

AUSTRIA IS MOBILIZING FOUR ARMY DIVISIONS

Powers Hopeless of Averting War in Balkans; Fierce Fighting on Turkish Border

ST. PETERSBURG, Oct. 10.—The possibility of war between Russia and Austria as an outgrowth of the disturbance in the Balkan States was seen today in dispatches to Novoe Vremya, asserting that Austria is mobilizing four army divisions. The paper states that transportation is ready to convey 80,000 Russians to the scene if Austria tries to interfere.

POWERS SEEM POWERLESS TO AVERT WAR IN THE BALKANS

LONDON, Oct. 10.—Constantinople dispatches say that Bulgaria and Serbia are expected to send another ultimatum to Turkey today. Their relations are not yet severed. The Greek ultimatum has not yet been presented, as Greece is reluctant to start a war. Representatives of the Powers have abandoned hope of preventing war.

CETINJE, Oct. 10.—A desperate battle is raging between the Turkish and Montenegrin forces around Detitch mountain. The Turks have been reinforced and are strongly entrenched. They are mowing down the advancing Montenegrins who are gamely standing their ground. The officer in charge of the Turkish forces committed suicide because he was removed from command. Prince Danilo is commanding the Montenegrin troops on the firing line, and King Nicholas is in general command of operations.

VILLAGES IN FLAMES ON TURK-BULGARIAN BORDER—WOUNDED FLEE

VIENNA, Oct. 10.—Telegraph dispatches from Cetinje, the capital of Montenegro, state that many villages along the Turkish and Montenegrin frontier are in flames and that wounded peasants are fleeing into the interior. Turkish reports charge that Montenegrin troops are slaughtering women and children. The outcome of the battle on Detitch mountains is in doubt.

TURKISH FORCE SAME AS THAT DEFEATED YESTERDAY

BUDAPEST, Oct. 10.—The Turkish force engaged in a desperate battle with Montenegrin soldiers at Detitch is the same which met defeat at Planitsa mountain yesterday.

Turks and Bulgarians Skirmish

CONSTANTINOPLE, Oct. 10.—Skirmishing between the Turks and Bulgarian troops is in progress near Klissura and Tunbush, according to dispatches here today. No details were contained in the message.

RECORD BREAKING COLONISTS' RUSH

10,000 Colonists Leave Chicago Today For Pacific Coast; Last Day of Low Rates

LOS ANGELES, Oct. 10.—Ten thousand colonists in 240 special cars will leave Chicago today for the Pacific coast. A telegram announcing the tidal wave of immigration was received yesterday by the passenger department of the Salt Lake railroad. All records in trans-continental travel will be broken by this climax of the season's colonist travel westward. Today is the last of the low-rate one-way fares to the Golden West. A grand total of 35,000 colonists this season is the estimate of passenger traffic officials. This is the high tide of homeseekers' travel in the history of the state.

Baseball Men in Grip of Typhoid—Is it Epidemic?

LOS ANGELES, Oct. 10.—Pitcher Walter Nagle of the Los Angeles baseball club is seriously ill at his home today and it is feared he has typhoid fever, which disease carried on "neinle" Heimtlicher, Joe Gedeon and Claud Berry of the San Francisco club are stricken, indicating that an epidemic of typhoid is raging among baseball players. Claire Patterson of Oakland, is also stricken.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Friday; light northwest winds.

\$300 in Prizes For Pasadena Flower Show

PASADENA, Oct. 10.—More than \$300 in cash prizes and eight cups have been contributed by Pasadenaans as trophies for the winners of the various classes at the fall flower show of the Pasadena Horticultural Society. The exhibit will be held October 24, 25 and 26 at the Hotel Maryland.

Ohio Legislator Pleads Guilty to Bribery

COLUMBUS, Ohio, Oct. 10.—Dr. George H. NYC of Waverly, representative in the Ohio legislature from Pike county, pleaded guilty today to bribery in the last legislature. Sentence was deferred.

4646 Students in Long Beach Schools

LONG BEACH, Oct. 10.—According to a report submitted to the board of education Tuesday night by Superintendent W. L. Stephens, the total school enrollment in the public schools at the close of the second week of school was 4646. Of this number 909 are students of the high school, and 3737 enrolled in the ten grammar schools of the city.

Antonio Dalba Gets 30 Years For Attempt on King of Italy

ROME, Oct. 10.—For attempting to assassinate King Victor Emmanuel on March 14 last, Antonio Dalba was condemned yesterday to thirty years' penal servitude.

Night Fishing Good at Redondo

REDONDO BEACH, Oct. 10.—The local market is flooded with yellowtail and bass, fishing boats returning loaded to the brim, and visitors carrying home large strings of these fish. Night fishing is excellent, numerous parties coming down from the city to engage in the sport.

Million Cans Output From Pomona Cannery

POMONA, Oct. 10.—The Pomona cannery closed yesterday with an output of 1,000,000 cans of peaches and 500 tons of dried apricots. While no records were broken there was a steady run of fruit, and Manager G. H. Waters says the output was far above what was expected the first part of the season.

San Jose Girl Who Killed Brother Declared Insane by Jury

SAN JOSE, Oct. 10.—May Thomas, the girl who recently shot and killed her brother on a ranch near Hollister, has been declared insane by a jury.

Textile Strike Leaders Were Today Denied Bail

SALEM, Mass., Oct. 10.—Jos. Ettor, Arturo Giovannitti and Antonio Caruso, leaders in the Lawrence textile strike, and charged with murder, were refused admission to bail by Justice Quinn today. They will remain in prison during their trial.

Sam Langford Gets Decision Over McVey

PERTH, Australia, Oct. 10.—Sam Langford, the Boston Negro heavyweight, got the decision over Sam McVey after eleven rounds today. McVey claimed a foul and refused to continue.

170,000 Young Trout Put in San Bernardino Streams

SAN BERNARDINO, Oct. 10.—Sixty cans of young trout, 170,000 in all, have just been distributed in the mountain streams of the San Bernardino range. The fish came from the State hatcheries and the distribution was under the direction of County Game Warden James Vale.

Claime She Killed Man She Loved by Accident

PORTLAND, Oct. 10.—That she fired because the father of the victim was choking her, is the defense of Susie Owens, accused of killing Chas. Celestino. She declares she loved Celestino and killed him by accident.

The World's Series Is On

So will the Fraternal Brotherhood dance on Friday evening, Oct. 11th. Sid Perissus and Mrs. Leora Harris will furnish the music. With the best floor and best music a good time is assured. Admission 50 cents a couple.

SYNOD SESSIONS BRING UPLIFT TO CHURCH

Southern California United Presbyterian Ruling Body Chooses Head

REV. RUSSELL OF BARSTOW IS NAMED AS MODERATOR

Special Car of Los Angeles to Visit Closing Session This Evening

The United Presbyterian Synod completes its work at this evening's meeting.

At the convening of the synod yesterday afternoon, Rev. Dwight A. Russell of Barstow was chosen moderator. The conference address of Rev. G. E. Raitt on the subject, "Work for Men and Men for Work," with the prayer session that followed, led by Rev. Pinkerton, brought a spiritual uplift and gave a realization of Christ's presence and a larger vision of His purpose for all.

The sermon by Rev. Kilpatrick at the evening conference on "The Untertown Fields," the address by Rev. Bell on "The Ministry of Intercession," and the closing message by A. R. Innes on "Missions From a Business Man's Viewpoint," maintained the spiritual atmosphere of the afternoon meeting and moved to a fuller consecration.

This evening a company of Los Angeles people have chartered a car and will come in a body for the closing conference. Seats will be reserved in the church for them.

Rev. George McCormick, D. D., will preside in the conference. Rev. G. E. Raitt will speak on "Making a Business of Religion." Mr. George Innes will give the closing address on "Men and God's Money."

The retiring moderator is Rev. M. M. Kilpatrick, and Rev. H. H. Bell of San Francisco is serving as clerk.

National Officers
Conspicuous among the figures of the synod are Rev. G. E. Raitt of Pittsburgh, general secretary of the United Presbyterian Brotherhood, and Mr. George Innes of Philadelphia, associate secretary of the Foreign Mission Board. Each of these will make addresses at the evening meeting, which opens at 7:30. The closing of conference, conducted by Rev. George McCormick, will be an interesting procedure.

MASONS CONSIDER LODGE FINANCES

Would Raise \$36,000 by May For Masonic Temple in Frisco—Cash For Orphans' Home

LOS ANGELES, Oct. 10.—The second day of the state grand lodge of the Masonic order held yesterday in the First Congregational church was devoted to committee reports on the work of the year, which was open to lodge members only.

Finances occupied much of the time in the discussion of the setting aside of \$5000 for the Masonic Widows' and Orphans' home at San Gabriel and ways and means for the raising of \$36,000 by May for the Masonic temple of San Francisco, which will cost \$554,975. It is hoped that this building will be completed free from debt.

Last night the Masons and their wives occupied practically the entire seating capacity of the Orpheum after a pleasant afternoon passed in Pasadena, where they were royally entertained.

This evening a reception and musical will be given at the Scottish Rite cathedral and in the afternoon the wives of local Masons will tender a reception and tea to the visiting women at the Hotel Alexandria. Mrs. D. K. Welser, Mrs. M. H. Flint, Mrs. Oscar Lawler and Mrs. E. R. Riggie are in charge.

Friday night the special social function of the week will close the festivities, when a reception will be tendered the new officers followed by a grand ball in the Shrine Auditorium.

CHICAGO INTER-OCEAN IS BOUGHT BY H. M. KOHLISAAT

CHICAGO, Oct. 10.—H. M. Kohlisaat, editor and publisher of the Chicago Record-Herald, purchased the Chicago Inter-Ocean yesterday from George W. Hinman, who will retire from Chicago journalism. Mr. Kohlisaat, according to an announcement made this afternoon, will take immediate charge of the Inter-Ocean.

NECK-TIE PARTY WAS FORMED FOR HIM

Ernest Bryson, Negro, Brought Here From Fullerton to Avoid Threatened Lynching

MADE BRUTAL ASSAULT ON A WHITE MAN

Oil Well Friends of the Victim Favored Taking Summary Vengeance

In order to avoid an incipient lynching party which was forming in the oil fields with the intention of lynching him, Ernest Bryson, colored, was brought to the county jail from Fullerton last night by Deputy Sheriff Heard and Deputy District Attorney Koepsel. Bryson is alleged to be one of the negroes who assaulted and badly beat H. H. Davis Tuesday night, after they had run him down with the auto they were driving.

Yesterday the local officers went over to investigate the case, and succeeded in landing Bryson, who was put in the Fullerton jail. Davis is an oil man, and has many friends in the oil fields, who were greatly incensed at the brutal treatment given him. Yesterday afternoon a crowd began gathering at Olinda, making open threats of its intention to lynch Bryson. Inquiry was made of the officers as to the negro's whereabouts, and they gave out the statement that he had been brought to Santa Ana. As a matter of fact Bryson was at that time in the Fullerton lock-up, which was not considered sufficiently strong to withstand a lynching party, and at the first opportunity the negro was quietly slipped out and brought to Santa Ana.

A Fullerton dispatch tells the story of the assault as follows:

FULLERTON, Oct. 10.—B. H. Davis was run into by an auto occupied by two drunken negroes who, it is said, are employed on the high school building. The negroes had returned from Anaheim. When Davis said they had run into his rig two of the rowdies jumped from the auto and beat Davis up badly, he receiving severe bruises about the head which will lay him up for several days. Davis would have sustained dangerous or fatal injury had he not found his way slowly to his home while the drunken negroes kept after him. Davis was treated by Dr. Clark. A beer bottle was used on him, and Davis was unconscious for a time. One of the negroes was arrested and it is believed the other man will be captured. Constable Heard and Deputy District Attorney Koepsel were here tonight investigating.

EDWIN GOULD WILL REACH COAST TODAY

May Stop at Los Angeles Few Hours on Way to Frisco to Attend Railroad Meeting

LOS ANGELES, Oct. 10.—In his private car, and with a party of friends, Edwin Gould, a younger brother of George J. Gould, is expected to arrive in Los Angeles this morning over the Southern Pacific.

Although he is en route to San Francisco from New York to attend an important railroad meeting, it was said yesterday that Gould might stop over here for at least several hours. Gould is, it is understood, to become a director and then president of the Western Pacific at its annual meeting in San Francisco, October 22, at the request of his oldest brother, George J. Gould. If he is elected, the Western Pacific will then have three Goulds on its board, Edwin, George and the latter's oldest son, Kingston.

Baby Burned to Death in Los Angeles—Clothes on Fire

LOS ANGELES, Oct. 10.—Harold Tibbitt, a two-year-old baby, was burned to death when his clothing caught on fire from an open gas grate today. The child was soon enveloped in flames, and died before medical attention arrived.

MILLIE, OF FAMOUS TWINS, DEAD TODAY

WILMINGTON, N. C., Oct. 10.—Millie, one of the famous colored Millie-Christine twins, is dead today. Her sister's death is expected shortly. The twins had but one body, with two heads and two pairs of extremities. They were born in slavery days and were sold for \$40,000 for exhibition purposes.

4 REASONS FOR NOT VOTING FOR WILSON

Gov. Johnson Outlines Democratic Candidate's Weakness to New Jersey Audiences

JERSEY CITY, N. J., Oct. 10.—Governor Johnson told the people of Jersey City last night that there are four reasons why the chief executive of their state ought not to be chosen chief executive of the nation.

In the first place, Wilson's theory of states' rights would prevent any effective legislation in behalf of workingmen and working women, Governor Johnson declared. The great social and industrial reforms cannot be brought about by the states. The only hope is through the nation.

In a vague sort of way Wilson is against protection and in favor of the sort of legislation that resulted in widespread depression in the early '90s. He professes to favor revision, but sneers at the establishment of a board of tariff experts which is designed to end the system of logrolling that has made a farce of tariff legislation.

ORANGE COUNTY TOWNS GET BUSY

Three Cities Join Redondo Beach in Boosting For Cross-Country Road

REDONDO BEACH, Oct. 10.—With pennants flying from twenty-five automobiles and imbued with the thoughts of a pleasant day, 100 visitors from Anaheim, Fullerton and Buena Park arrived in Redondo Beach at 11 o'clock yesterday morning. They came upon the invitation of the local Chamber of Commerce and were met by that body who escorted the guests to the park where a big fish dinner was served. O. N. Tomlinson, president of the Chamber of Commerce, gave an address of welcome, to which George Wilcox of Buena Park responded. After a social hour the guests, piloted by several leading business men, made a tour of Redondo Beach, visiting many places of interest.

The object of the meeting was to bring about a get-together spirit among neighboring towns, principally as relates to a cross-country road, which is now occupying the minds of the people represented at yesterday's gathering. A short business session during the afternoon indicated this fact. At this time a decision to hold a meeting at the council chambers in Buena Park in the immediate future to discuss this proposition was reached. In this connection an invitation will be sent to Artesia, and it is expected that a definite understanding relative to road building will soon be reached.

HERO OF CHICAGO FIRE IS PAROLED

AUSTIN, Tex., Oct. 10.—John W. Fitzpatrick, 70 years old, was yesterday pardoned from the penitentiary by Governor Colquitt. He has newspaper clippings showing that he was a hero of the great Chicago fire in 1871. At that time he was a locomotive engineer and he made the notable record of pulling a train carrying a fire-fighting apparatus from Bloomington, Ill., to Chicago, 126 miles, in 192 minutes. It was a record of fast running that was not broken many years thereafter.

The aged man was arrested at Houston and convicted of theft of a mule. He was sentenced to two years to the penitentiary, had served eight months of his sentence. He will return to Chicago, he says, and try to locate some of his old friends of the early days.

CALIFORNIA GIRL WINS LEGAL HONOR

WASHINGTON, Oct. 10.—Four young women—Misses Alice M. Bird-sall of California, Mary C. Farmer of North Carolina, Rebecca Laurens Love of Virginia and Katherine R. rike of New York—were admitted yesterday to practice law before the supreme court of the District of Columbia.

Miss Bird-sall came here from Los Angeles to take her law course. She had served as court stenographer and was connected with a law firm there. She will open an office and practice law at Phoenix, Ariz.

SAN BERNARDINO NEWSPAPERMAN IS AT POINT OF DEATH

SAN BERNARDINO, Oct. 10.—Henry C. Warner, for many years a newspaper publisher of this city, is at the point of death at his residence here. He has been ill for many months with cancer of the stomach. In his younger days Mr. Warner was associated in the newspaper business in Arkansas with Ople Read.

GIANTS WON TODAY FROM RED SOX

With Rube Marquard's Fine Plays the Giants Came Back in Score of 2 to 1

GAME WAS WITNESSED BY NEARLY 35,000 PERSONS

Receipts of Day Were \$63,142

—Game Was Spectacular With Brilliant Plays

BOSTON, Oct. 10.—New York came back with Rube Marquard today and made it even all with the Red Sox by winning the third contest of the World's Series by a score of 2 to 1.

The Red Sox, fighting desperately and forced to come from behind, made a sensational ninth inning rally that threatened to pull the game out of the first when Marquard faltered and the Giants' defense threatened to crack. But Cady, who had replaced Carrigan behind the bat, was not equal to the task put up to him in the pinch, and when Devore pulled down his long fly, the agony was over and the race evened up.

Marquard, who has been a question mark in the Giants' battery cast of characters, came back with a flash of his early season nineteen-in-a-row form, and given a lead of a run in the first inning, held the Sox safe all the way.

O'Brien, who opposed the Giant southpaw, pitched a grade of ball that would have won with lots to spare had he been pitted against the Giants' exhibition of yesterday, but luck was not with him, and the Giants backed Marquard up in a fashion that must have made Mathewson envious. Bedient made the ninth inning entry after O'Brien had given away to a pinch hitter, and held the Giants safe in the closing stages.

The attendance was 34,624; the receipts, \$63,142. The National Commission's share is \$6314, and the players' share, \$34,609.

BOSTON, Oct. 10.—After threatening rain all morning, the sun broke through the clouds and the weather grew warm, permitting the players to warm up for the third game of the series for the world's championship. The batteries for today—New York, Marquard and Meyers; Boston, O'Brien and Carrigan.

First Inning
New York—Nothing; Boston nothing.

Second Inning
New York—Murray doubled; Merkle sacrificed, O'Brien to Stahl; Herzog flied to Hooper, Murray scoring. One run.

Boston—Lewis singled. No runs.
Third Inning
New York—Fletcher walked; the others out, one-two-three. No runs. Boston—Carrigan fouled to Meyers; O'Brien and Hooper fanned. No runs.

Fourth Inning
New York—No runs.
Boston—Speaker singled, but was forced by Lewis. No runs.

Fifth Inning
New York—Herzog doubled; Meyers out, O'Brien to Stahl. Herzog advancing; Fletcher singled scoring Herzog (Bedient warming up for Boston). Devore forced Marquard; Devore stole; Snodgrass flied to Lewis. One run.

Boston—Stahl singled, but was out trying to steal second, Meyers to Doyle; Murray made a sensational catch of Wagner's fly. No runs.

Sixth Inning
New York—Out one-two-three. No runs.

Boston—Yerkes singled. No runs.
Seventh Inning
New York—None reached first. Boston—Stahl made a long drive for two bases. No runs.

Eighth Inning
New York—Devore singled over third; Snodgrass singled. No runs. Boston—Engle, batting for Carrigan, fanned; Ball, batting for O'Brien, fanned. No runs.

Ninth Inning
New York—(Bedient pitching for Boston, Cady catching). Herzog was hit by pinner, but was out stealing; Meyers singled; Fletcher flied to Speaker, and Myers was doubled out first. Speaker to Stahl. No runs. Boston—Speaker flied to Fletcher; Lewis singled; Gardner doubled scoring Lewis; Stahl grounded to Herzog (Bedient ran for Stahl). Wagner safe on Merkle's error. One run.

The score.
New York 2
Boston 1

HOME RULE IN TAXATION—WHY AMENDMENT SHOULD SUCCEED

Present System Does Not Meet Demands Upon It—Is "School For Perjury and Pays Premium For Dishonesty"

The proposed constitutional amendment for home rule in taxation is an enabling act by which any city or county may change the present unsatisfactory mode of taxation and inaugurate a better system. But this cannot be done locally without education and a final affirmative vote of the people of the city or county.

There is no interference with the operation of the state system of revenue, nor with the present system locally, except as the locality shall determine. At the present time most of the state revenue is derived from a gross income tax on corporations; the revenues of the counties, cities, towns and districts are mainly derived from a tax on the value of land, improvements, personal property.

Formerly state revenue was derived mainly from a "general property tax," but in 1910 that system was discarded as a means of raising state revenue, except when other sources of income prove insufficient.

Some of the reasons for this change are stated in the report of the Tax Commission for 1906, page 9: "The present system of taxation does not meet the demands made upon it. It is antiquated, having been adopted fifty years ago, and has not

been revised to keep pace with modern conditions. It is full of inequalities, which impose a handicap, which only the vigor and inexhaustible energy of our people can carry. It is a 'school for perjury,' puts a penalty on honesty and pays high premiums for dishonesty."

Injustice of Present System Professor Seligman of Columbia University says: "The general property tax as actually administered in this country is beyond doubt one of the worst taxes known in the civilized world. It is flagrantly inequitable and its retention can be explained only through ignorance and inertia."

F. A. Derrick, Master of the State Grange, Mantua, Ohio, at a meeting of the National Tax Reform Association, said:

"For two generations the farmers of the United States have in a large majority cherished the belief that a uniform rate upon all property at its true value in money was the highest conception of fairness and justice between man and man. It sounds fair, but all experience and history proves that its fairness begins and ends in sound. It is false economically, for it attempts to tax representative property at the same rate as the things for which it stands. This results in gross injustice to the owners of visible property, who, not being able to conceal their wealth, must pay a legal tax laid upon it."

It must necessarily follow that if the "general property tax" as a source of state revenue is unjust, inequitable, conducive to fraud and perjury, it is likewise unjust as a source of revenue for cities, counties and districts.

Seeking a Remedy A great many people feel the injustice of the present system of taxation without being able to locate the exact point of injustice. Many tax payers, particularly those of small means, instinctively feel that they are bearing more than their just burdens of taxation, and that others, particularly those fortunately possessed of land and goods of large value, are not paying their just proportion of the public expenses.

This feeling has a real foundation in fact. It must be apparent that the value of property in small parcels can be readily ascertained, while the value of property in large units cannot be so readily ascertained. A system of taxation should be just—this must be so, otherwise government itself would rest on a foundation of injustice. We have not yet found the just system, but we should be privileged to search for it. To make such search possible is the precise purpose of this constitutional amendment.

Objections Considered With the constitution, as it now reads, the cities, counties and districts of the state are powerless to make any change whatsoever, but the amendment provides that, by a vote of the electors, any new system may be adopted by the several political subdivisions of the state for raising their revenue for local purposes, provided it does not conflict with the state's revenue system.

Individuality "Nature never rhymes for children,"

nor makes two men alike." So says Emerson, and the mothers of young families might do no worse than take this saying as a nursery motto.

It is curious how few parents, comparatively, realize the wisdom of this, and consequently how many homes are marred and rendered unproductive by being made "forcing" instead of "temperate" houses for the young lives they contain.

The creeds, ideas, thoughts and capacities of the parents are forced on the child; he is molded or "patterned" by the parent, according to that parent's standards. He is taught to be like this person, or that, to take such a one for his example and object of imitation.

He either becomes a nonentity, or, when he finds that his shape is unfitted for the parental mold, he rebels, and then parent and child become antagonistic one to the other.

Evans Promised Twice the Majority Given Him There in the Primary

INDEPENDENCE, Oct. 10.—S. C. Evans, the Republican nominee for Congress from this district, arrived here this morning after a trip through the country from Bishop, where he spoke last night.

The Bishop meeting was well attended and was one of the most enthusiastic that has been held in this campaign. The house was crowded and Evans was often interrupted by applause. He spoke for nearly an hour and gave virtually the same speech as was given in San Diego county. He dwelt upon the fact that he is the Republican nominee, having sworn to support a majority of the Republican candidates.

W. A. Chalfante, editor of the Inyo County Register, presided at the meeting and predicted that Inyo county will more than double the majority given Evans at the primary.

After the meeting Evans expressed himself as being well pleased with the outlook in this part of the district. He will speak tonight and will then go to Lone Pine, where he will hold a meeting tomorrow night.

JUMBO BUNCH OF BANANAS; 300 ON STALK; 135 POUNDS

Los Angeles Examiner: What is said to be the biggest bunch of bananas that has ever been brought to Los Angeles arrived at the wholesale house of Loeb, Fleischman & Company, at 210 Central avenue, early yesterday morning. The bunch weighs 135 pounds, has 15 branches, each containing from 18 to 20 bananas and has approximately 300 bananas on the stalk.

The ordinary bunch of bananas weighs about 90 pounds, has about 9 branches and a trifle over a hundred bananas on the stalk. According to Daniel H. Lewis, superintendent of the banana department of the Loeb, Fleischman & Company wholesale house, the bunch of bananas when picked must have weighed close to 180 pounds, but bananas are liable to shrinkage, and that accounts for the fact that it weighs 135 now.

"When a bunch of bananas weighs from 110 to 112 pounds, it is known as a 'Jumbo,'" said Mr. Lewis yesterday. "However, I don't know what they would call this one. I have been in the banana business the greater part of my life, but I have never before been fortunate enough to come across a monster of this size." And he patted it affectionately.

The bunch was imported from Changulola, a small island off Central America, by the Fruit Dispatch Company of New Orleans.

Fortunes in Faces —There's often much truth in the saying "her face is her fortune," but it's never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at all druggists.

—Driving horses require careful shoeing—try our work. Smith, 407 N. Birch.

NE CROSSED LAKE ON WATER SHOES

German Cabinetmaker Perfects Aquatic Footgear on Which He Travels Rapidly

A German cabinet maker has constructed a pair of water shoes with the help of which he walks upon the water. He has already crossed Lake Ammer, in Bavaria, 12,000 feet wide, in two hours.

These water shoes are really two long, narrow boxes of pine wood, squared off at the rear end and shaped like the bow of a boat in front. To preserve its balance the traveler grasps two upright posts. At the outer edge of each boat or shoe three small paddles, shaped like rudders, are fastened. These move on hinges and are worked by a sliding mechanism that is operated by the traveler pushing his feet forward alternately, like a boy learning to skate. He can travel rapidly and with safety on smooth water, although the apparatus is probably not fit for use in stormy weather.

Saved by His Wife —She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. E. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F., "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it is the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cents and \$1.00. Guaranteed by all druggists.

—Owing to the fact that some of the people who would like to attend the reception this afternoon and evening, given by Mrs. Champ, the artist, and it impossible to do so, because of previous engagements, Mrs. Champ has decided to have her studio open to the public tomorrow afternoon also, and anyone who is interested in this exhibit will be very welcome. The studio is at 329 French street.

We Are Now Located In our new shop in the Cadillac Garage Building. 515 North Main Street.

In our new location we have a better equipment than ever for doing your auto repair work.

Congdon Motor Car Company 515 North Main St.

NEWMARKET Fish eaters are particular to have their fish fresh from the water, and nobody blames them. Fish that have lived too long ashore are not up to much for eating purposes. We are noted for our fresh, sweet fish, which reaches us daily direct from its watery element. We have all kinds of fish in season, as well as Oysters, Lobsters, etc. In spite of the excellence of the quality, we are also noted for the cheapness of our prices.

ARTHUR BALL 111 East Fourth St. Phone: Home 108; Main 5.

While We Are Remodeling We will save you money on everything in HARDWARE, FURNITURE, FLOOR COVERINGS and any other goods in the house. A. H. Williams 307-309 West Fourth St.

Orange County Day —Saturday, Oct. 12, has been set apart by the Grand Lodge of Masons for a visit to Orange county. Luncheon will be served by the Masons at Elks' Hall and Masonic Temple, after which they will be taken in autos to Orange, Anaheim, Placentia and Fullerton. All persons driving cars are requested to be on Sycamore street between Fifth and Sixth promptly at 12:30, where they will be assigned their places by the committee. This luncheon is for visiting Masons only.

Wear correctly fitting glasses made by Dr. Loersch, 116 East Fourth street.

Handicapped This is the Case With Many Santa Ana People

Too many Santa Ana citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for weak kidneys—thousands testify to their merit. Can you doubt Santa Ana evidence?

Mrs. M. W. Davis, 768 Cypress avenue, Santa Ana, Cal., says: "Doan's Kidney Pills have been used in our family off and on for several years. The person who has used Doan's Kidney Pills was severely afflicted with kidney trouble, the chief symptom being pains in the back. On a number of occasions he was obliged to quit work owing to the severeness of the attacks. Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store) brought prompt relief and they have been an unfailing means of relief in this case since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

A Cabinet Job "A president has to eat a good deal these times."

"What do you mean?" "The chief executive has to attend a great many banquets and the like."

"Seems so. What about it?" "I was just thinking that the next president ought to recognize the growing importance of the social side of the job and appoint an addition to the cabinet in the shape of a toast-master general."

Orange County Day —Saturday, Oct. 12, has been set apart by the Grand Lodge of Masons for a visit to Orange county. Luncheon will be served by the Masons at Elks' Hall and Masonic Temple, after which they will be taken in autos to Orange, Anaheim, Placentia and Fullerton. All persons driving cars are requested to be on Sycamore street between Fifth and Sixth promptly at 12:30, where they will be assigned their places by the committee. This luncheon is for visiting Masons only.

Wear correctly fitting glasses made by Dr. Loersch, 116 East Fourth street.

Handicapped This is the Case With Many Santa Ana People

Too many Santa Ana citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for weak kidneys—thousands testify to their merit. Can you doubt Santa Ana evidence?

Mrs. M. W. Davis, 768 Cypress avenue, Santa Ana, Cal., says: "Doan's Kidney Pills have been used in our family off and on for several years. The person who has used Doan's Kidney Pills was severely afflicted with kidney trouble, the chief symptom being pains in the back. On a number of occasions he was obliged to quit work owing to the severeness of the attacks. Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store) brought prompt relief and they have been an unfailing means of relief in this case since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

GROWER'S ORGANIZATIONS

Riverside Enterprise: There is probably no type of organization in the business world that has suffered as many abuses and has been as badly misunderstood as the association of growers. We do not refer to any particular exchange or association, but the problems facing the fruit men, and discussed in Riverside on Tuesday, call to mind the varied careers of other associations of the farmers or fruit men of California.

The idea of such organizations is of course, to simplify and improve conditions to such an extent that the producer may secure the highest price for the produce of his farm or orchard that normal conditions of supply and demand will justify. This must eliminate the feature of speculation, manipulation and other outside influences that are continually being brought into the problem. We believe, however, that in the long run the growers will find they are better off by staying with their own organizations, and if abuses creep in, work to reform those conditions rather than pull away and be at cross purposes with themselves.

The power of co-operation among the growers is something to be reckoned with. It has been a tower of strength for good and has brought about innumerable benefits to farmers and fruit men in this state. We have in mind a particular one of somewhat recent origin that has done wonders for the growers of lima beans in Southern California. A few years ago a half dozen dealers and manipulators absolutely controlled the lima bean market of this country. They managed to delude the farmers for years into the belief that the wide variance of prices from one part of a selling season to another was brought about by the economic laws of supply and demand, and used other market terms that are as a rule only befuddling to the man with the goods to sell. As a result, the price of lima beans varied from two to five cents per pound during many seasons, and the farmers who sold cheap pocketed their losses and didn't realize that they were largely caused by the manipulation of buyers who held low-priced beans, and after securing a sufficient amount of the product, forced the price up and unloaded.

An association of growers was formed among the bean raisers of Southern California a few years ago with an avowed purpose, not of forcing the price up to high mark, but to secure a uniform market and a fair price for their product, not allowing the market to fluctuate wildly. Since the organization was formed there has never been a single instance during any season of the price of beans dropping below a standard set by the organization, and the greatest problem to face is to prevent the buyers from causing the farmers to become dissatisfied by attempting to force up the price above that decided upon by the association by causing discontent and, if possible, to bring about its disorganization. A return to the old

and the total number of growers is sufficiently small in the entire country virtually to assure its permanency. This organization, and all others, can best accomplish the proper results by bringing about reforms within the organization themselves and not forsaking them for plans from the outside.

The action of the Chicago School Board in opening the school halls for political meetings at the request of the Roosevelt people is receiving wide popular approval. This is the first time Chicago public school halls have been opened for other than school purposes. The experiment is to be tried out for three months and it is believed that once the rule has been established it will not be abandoned. Halls that hitherto have stood empty the greater part of the year, the trustees say, in the future will probably be the scenes of all sorts of public gatherings. The women speakers are especially delighted over the innovation as giving them opportunity to appear under the best circumstances and environment.

When it comes to buying a ranch in Orange county, the buyer has all the choice that he could want. He can get all kinds of rich alluvial soil. He can get rich adobe, or he can get some fine gravel land, or acreage in the famous peatlands. Be it sandy loam or heavy soil, damp lands or dry lands, foothill or valley, river bottom or mesa, he can get it in this county. Any man who cannot find in this county what he wants in the way of a ranch does not know what he wants.

What are you doing to boost the good roads bonds? Have you talked it over with your neighbor and convinced him that you are right in your contention that Orange county must have good roads if it is going to be called enterprising?

MATINEE HORSE RACES

PROGRAMME

SATURDAY, OCTOBER THE 12TH
—SANTA ANA RACE TRACK—

First Race—Free for all Pace
Zombue, E. D. Waffle, owner.

Wallace Irwin Pens a Poem on Rich Red Blood

Author of "The Japanese Schoolboy Letters" and "The Love Sonnets of a Hoodlum" in a Happy View on the 1912 Campaign

Wallace Irwin has been called "the American W. S. Gilbert." Ever since this youth, just out of college, published "The Love Sonnets of a Hoodlum," perhaps the only book of verse in recent times which made real money for the author, he has shone as our foremost writer of light and satirical verse. As a prose humorist he has been hardly less eminent. He it was who lightly poked fun at the excesses of muckraking in "The Shame of the Colleges;" he it was who fooled the world as long as he pleased in the "Letters of a Japanese Schoolboy;" a series of satires which set the whole country laughing, and which were yet so realistic that they fooled people who had lived among the Orientals all their lives.

RED BLOOD

Professor Woodrow's buckling up his thews
To put some rich, red blood in his campaign;
But it's rather hard to make ensanguined news
From one of Woodrow's pallid cast of vein.

He has scoured his learned mind for battle-cries
To defend, inspire, support the Democrats;
Yet one dread slogan from his soul doth rise:
"O Rats!"

"I have written Economics by the mile,
I can lecture on Diminishing Returns,"
Woodrow says, "and computations I compile
On the subagrarian tendencies of Burns.

But I must invent some phrase of common plith
Which will make the fearless Moores scared as cats.
I'm not much on slang—but what's the matter with
"O Rats?"

Mother Woodrow's Soothing Syrup's all he's got
When they ask him how he'll cure the Tariff's ill.
Will it make the Tariff better? It will not—
But it's absolutely guaranteed to kill.

"But," Progressives say, "let's make the Tariff good."
So 'twill aid the People, not the Plutocrats."

Whereat our Woodrow wags his Doctor's hood—
"O Rats!"

Woodrow hasn't many issues, save a few
He has borrowed from the Roosevelt strip of turf:
And to qualify his purist point of view
He has French Lick Tommy Tag and Charley Murph.

Some have asked, "Why don't you go to work and clean
The vessel that conveys the Democrats?"
Why not slay the pests that gnaw—by which we mean
The Rats?"

But the good, well-meant Professor talks away
In the midair mists defying of the storm,
Making splendid speculations on the day
He can wash his Party pure without Reform.

He derides the new Third Party as a howl,
Bringing discord to an erst Harmonious House,
And he picks, to fight against the Beasts that prey,
A Mouse.

—WALLACE IRWIN.

ANAHEIM SEWER SYSTEM
NOW IN FULL OPERATION

Anaheim Gazette: Yesterday marked the beginning of the sewer system in this city, the septic tank west of town having been completed the day before. Sewage is now being emptied therein. Sewer connections are being rapidly made in town and the work will be proceeded with by Contractor Chamberlain, who has a force of mechanics on the job. This week St. Catherine's Orphanage was connected up, as well as a number of other buildings in the center of the city. The brewery, laundry and cannery had already been connected up, and water therefrom ran upon the sewer farm. This is now flowing into the septic tank which is working in fine order.

FEDERATION IS AGAINST RACING

Laborites do Not Wish Sport to be Gambling Lure to Working Men

SAN DIEGO, Oct. 10.—The State Federation of Labor has denounced the effort to renew horse racing in California, declaring that the proposed measure is vicious, imposing another burden upon the workingmen, who yield to the temptation to gamble when it is placed before him. The Federation is considering using its power to defeat the measure at the coming election.

1913 Federation to Meet in Fresno
SAN DIEGO, Oct. 10.—The State Federation of Labor yesterday selected Fresno as the place for holding the convention in 1913. The "Raisin City" had made its fight aggressive, and after first eliminating San Luis Obispo, locked horns with Stockton in a friendly way until, when the time for balloting arrived, the Slough City withdrew and Fresno received all the votes.

Andrew Gallagher, member of the Board of Supervisors of San Francisco, was chosen as delegate to the convention of the American Federation of Labor, which meets at Rochester, N. Y., November 12 next. He will be allowed \$500 for expenses.

CAMPAIGN FUNDS PUT UP FOR TAFT BY TWO CHARLES

WASHINGTON, Oct. 10.—John D. Archbold, president of the Standard Oil Company, was recalled before the Senate contributions campaign committee today and asked regarding the letters written in 1900 to former Senator Foraker enclosing \$40,000. He said it was for attorney's fees.

"BROTHER CHARLES" AND "SECY. CHARLES" FIRST AIDS TO TAFT
Louis Laylin, Taft's Ohio pre-convention manager, testified that \$70,000 had been contributed to the Ohio fight. Charles P. Taft and Charles D. Hillis, chairman of the Republican National committee were the principal donors.

GEN. ROJAS WITH 400 REBELS SURROUND TOWN

DOUGLAS, Ariz., Oct. 10.—General Rojas and four hundred rebels surrounded Montezuma today and demanded the garrison of one hundred Federals to surrender or be annihilated. General San Jines was rushed four hundred men to the scene with orders to press every advantage obtained over General Rojas to the bitter end.

It is feared the town will be wiped out before the federal reinforcements arrive. General Rojas has asked amnesty from Madero, but is laying the country waste while waiting for a reply.

SOUTHERN CALIFORNIA TEACHERS MEET DEC. 16-18

LOS ANGELES, Oct. 10.—The annual teachers' institute and Southern California Teachers' Association convention will be held in this city the week preceding the holidays. The institute meeting probably will be held December 16, 17 and 18, and the association members will convene the following two days.

DANCING AT DELHI

—There will be a dance at Delhi Dancing Pavilion on South Main street, Saturday evening, October 12.

Good One Way
For many years a man named Dutton was a popular conductor between Duluth and Two Harbors. A woman from Duluth purchased a ticket, a return ticket to Two Harbors, and then concluded to return by boat. Some months later she wished again to visit Two Harbors and presented the remaining half of her former ticket. Mr. Dutton looked at it a full minute, then said: "I think this ticket is good for one transportation, madam, but you will have to ride backward."

"Dirt-hopper"
Charlie, aged four, spent a few weeks in the country. One day he saw some queer things jumping about on the grass and asked what they were. "Why, they are grasshoppers," replied his father. A short time after he discovered a toad on the walk and exclaimed: "Oh, mamma! Look at this big dirt-hopper!"

Philosophic
A boy owned a dog and a tricycle who never could be induced to state a preference. On being asked which he would prefer to have a bigger boy take from him, he answered: "The one that the boy took."

W. A. ZIMMERMAN TO TALK AT LONG BEACH

President of Orange Co. C. of C.'s to Oppose Consolidation of Cities' Amendment

W. A. Zimmerman, president of Orange County Associated Chambers of Commerce is announced as one of the speakers at a meeting to be held tonight in Long Beach against the proposed annexation amendment which provides for the merging of all unincorporated territory with cities by a majority vote, instead of a two-thirds vote, as heretofore, in communities of 350,000 population.

A vigorous campaign has been opened to defeat the measure, Frank W. Leavitt of Oakland reaching here yesterday to push the fight. At the Long Beach meeting this evening to be held under the auspices of the Chamber of Commerce of that city, a ceremony of cremating the proposed amendment, which is to be taken out of a mock coffin, will be held on the platform. Mayor Windham, Mr. Leavitt with Mr. Zimmerman and others will speak.

WOMEN VOTERS WILL HEAR TALK ON THE TARIFF

The Women's Democratic League of Orange County will have at its next meeting, Tuesday, October 15, a most interesting speaker, Mr. V. L. Penland, a former member of the Missouri Legislature who will address the ladies on "The Tariff." Mr. Penland has devoted years of study to this subject and may be regarded as an authority on the subject. It is to be hoped that the women of Santa Ana, whether Democrats or Republicans, will make a point of being present to hear a man so capable of explaining this complex subject. Please remember the place and time of meeting, Nellie's hall, Tuesday, October 15, at 2:30 p. m.

Last Tuesday the club enjoyed a talk on "Home Rule and Taxation," as ably explained by Mrs. B. E. Tarver. This amendment, which will be voted upon at the coming November election, was recently endorsed by the State Democratic convention, and is naturally of pertinent interest to both men and women voters of this county.

San Bernardino Demands
Night Lights on all Vehicles
SAN BERNARDINO, Oct. 10.—All horse-drawn and motor-driven vehicles must be provided with lights at night in the future. The city attorney will draw an ordinance providing for a heavy penalty for violators of the law. A number of accidents recently prompted the action of the city council.

ARM BROKEN IN CRANKING AUTO

George Parker, the 14-year-old son of C. E. Parker, of the Orange County Title Company, sustained a fracture of the right arm yesterday afternoon while cranking an automobile. The batteries in the machine had just been renewed, and when young Parker started to "spin" the engine, as he

had been in the habit of doing with the batteries, the quick response resulted in the accident. The fracture is a clean one and the boy is doing nicely.

HAPPY EVENING EVENT

Beryl Wilson Ranch Home Given Over to Social Function For the Skinners

Mr. and Mrs. Beryl Wilson of the San Joaquin ranch last night entertained a large company of friends in honor of Mr. and Mrs. Joe Skinner of the ranch, who are leaving Saturday for Escondido where they will make their future home.

A most hospitable welcome met the guests at the Wilson door and every plan that had been made to make the evening a delightful one to both guests and hostesses, was successfully carried out. The time went quickly by in social conversation and parlor dancing.

A bounteous twelve o'clock dinner was served the company before departing to their homes in the early morning hours.

The best of good wishes follow the Skinners to their new home by the neighborhood they are now leaving.

Torosa Rebekahs

A large company of visitors and members were present at the regular meeting of the Torosa Rebekahs last evening, many of the visitors being residents of other states. Among the states represented were Kansas, Texas and Oregon, and visitors from Los Angeles and Covina helped swell the crowd.

Owing to unavoidable circumstances the candidates for initiation were not able to be present last evening, but an efficient team was selected to exemplify the work, putting it on most beautifully.

A social hour followed the business session and the pleasant evening was closed by the serving of sandwiches and coffee in the banquet room.

Literature Section

The Literature Section of the Ebells held its first meeting of the year with Mrs. Clayton at her home on East First street. The meeting was a most enthusiastic one and all entered into the work with spirit. The following program was given:

"Life of Washington Irving," Beulah May.
"Stories of the Alhambra," Miss Talbot.
"Life of Hawthorne," Mary Wakeham.

Carnival Queen Has Her

A son and heir arrived at the home of Dr. and Mrs. W. Harold Wickett at Pico street Wednesday morning at 5 o'clock, says the Anaheim Gazette. Mother and child are doing well. Mrs. Wickett is a daughter of Honorable C. C. Chapman of Fullerton, and was some years ago chosen queen of the Orange county carnival.

If looking for a piano let us give you the greatest bargain in a little mahogany Grand that was ever offered in Orange county. This piano is a little beauty and the price will astonish you. If you want it you had better come early.

ODD FELLOWS BLOCK.

AT THE CHAMP STUDIO

Mrs. Ada F. Champ Exhibits Many Fine Productions of Her Artistic Brush

Lovers of art enjoyed a treat yesterday afternoon at the Champ Studio, 329 French street. A goodly number of those who had been invited by Mrs. Ada F. Champ, the artist who has located here, to an afternoon and evening reception were in attendance, and enjoyed greatly the many fine paintings which were on exhibit.

Everyone at the reception expressed surprise at the many different kinds of paintings which Mrs. Champ's brush had produced. As an artist she seems equally at home in oil, water colors, or china, and really beautiful display of each kind of work was shown to the visitors yesterday afternoon.

Callers are welcomed at all times at Mrs. Champ's Studio. Just as much so in fact, as if it were located in the business center.

House Party

Mr. and Mrs. M. Nisson have been entertaining a gay house party the past few days. They have had with them Mr. and Mrs. Thos. J. Urganhart of San Francisco, who are touring the Southland as bride and groom, having been married two weeks ago. They will be with the Nissons for another week.

Mr. and Mrs. John Burkhardt, twelve years ago residents of Southern California, but now of Logansport, Ind., with their son and daughter, Mr. and Mrs. Roy Hannah and little daughter Pauline, have been at the Nisson home for the past two days. The Burkhardts will winter in Southern California. The Hannahs are making a hasty tour of the state.

The Burkhardt-Hannah party left this morning for Pomona on a visit to other relatives.

Personals

Mrs. W. M. Clayton and Mr. and Mrs. Dorsey Clayton, formerly of Santa Ana, have moved from Caldwell, Idaho, to Idaho Falls, Idaho.

Mr. Arthur Bissell was in Santa Ana yesterday on business.

Nelson Stafford, son of E. P. Stafford of North Main street, is in Santa Ana for a short visit with his parents and also on business.

Mr. and Mrs. Teagarden of Dallas, Texas, were the guests of Judge and Mrs. J. A. Willson yesterday. They have been making a honeymoon trip through Southern California, and stopped off to visit the Willsons, who are old friends of the family.

Mrs. Anna Phelps, city matron of Sacramento, is spending her vacation in Southern California. Mrs. Phelps is spending a week of the time with her niece, Mrs. Geo. W. Ross, 1502 North Flower.

Mrs. A. M. Gardner of East Washington avenue is in Long Beach visiting at the home of Mr. and Mrs. Robert Flook.

Joe Jahraus was down from the Angel City today to spend the day in Santa Ana.

C. C. Fairbanks of Santa Barbara, who came down to this section to attend the Masonic convention now being held in Los Angeles, visited friends and relatives in Santa Ana and Austin today. Mr. Fairbanks was the pioneer druggist of Santa Ana and was here for many years.

Mrs. R. E. Williams was a visitor to Los Angeles today.

M. T. O'Brien made a trip to Los Angeles this morning.

Mr. and Mrs. Ed. Magee of Colville, Wash., are visiting W. D. Reddell, 2025 Bush street.

John Lentz of Chicago, is here on a visit to his brother, Philip Lentz, and may decide to locate here.

Mr. and Mrs. J. E. Kellogg have returned from an extended trip to the East. They have been absent for two months, visiting the Atlantic seaboard, Canada and Niagara Falls. They are glad to be at home and say they saw no place in their travels that they liked as well as Santa Ana.

PORTERVILLE, Oct. 10.—One of the largest orchard deals of the year was closed this week, when H. E. Gilley, a business man of Oakland, purchased the orange orchard of K. J. Boes, in the Plano district.

This property includes forty acres of early navels in the very finest of cultivation, and the reported price at which the transfer took place is \$50,000.

SCHOOLS ASKED TO TEACH CITIZENSHIP

TULARE, Oct. 10.—Members of the Tulare grange, which represents a large proportion of the ranchers and dairymen of this district, have adopted a resolution which calls upon the school authorities to make compulsory a course in the duties of citizenship. It is charged that the average grammar or high school student has no conception of the obligations which citizenship imposes and that these things should be embodied in the course.

Yellow Writing Paper Easy on Eyes
Oculists have often called attention to the fact that the eyes are easily fatigued by the reflection from white paper, especially when the surface is under a strong light. Since green is known to be the color most restful to the eyes, it is a common practice to use wall papers and draperies of that color in libraries and private studies. For writing paper, however, green is an unsatisfactory color. It imparts a reddish appearance to the writing and makes it hard to read.

Yellow writing paper is not open to the same objection. In strong daylight it is softer than pure white paper, and in artificial light is not too dark. Black letters on a yellowish background show clear and distinct. Many mathematicians use yellow paper in figuring long and difficult calculations, and many writers have adopted it for manuscripts. It has the additional merit of cheapness.—Youth's Companion.

QUITS DAIRYING AFTER THIRTY YEARS' EXPERIENCE

Anaheim Gazette: Louis Denni, the well known capitalist and dairyman of Los Alamitos, last week sold his dairy herd and other holdings in that section to his nephew, Joe Denni, who will continue the business. Mr. Denni has removed with his wife to Signal Hill, near Long Beach, where he will take up his residence. His wife has some 200,000 acres of property in the past but is improving and will probably soon recover. Mr. Denni has been in the dairy business at Los Alamitos for 29 1/2 years and is one of the oldest, as well as one of the wealthiest dairymen in the South. He will in future devote his attention to banking and other interests, he being a director of the German-American Bank of this city. He will continue to be a frequent visitor here, driving over from Signal Hill in his auto. He has built up a reputation for honorable dealings second to no man in the state and his dairy and other interests have brought him a large fortune. His nephew will continue in his footsteps and that he will prosper and attain a wide measure of success in his business goes without saying.

Special excursion will be run by Norris and Shaver of Orange, to Perris and Hemet Monday, October 14th. See their ad. on page 8, this issue.

You and your driving horse will like our shoeing. Smith, 407 North Birch.

Our Washington Letter

WASHINGTON, Oct. 10.—A remarkable decline in the number of Protestant ministers graduated from the universities of the country is shown in a current report of the U. S. Bureau of Education.

"It is plain," says the report, that educated men no longer seek the cloth as they did when the nation was younger. It may mean much or little that the percentage of ministers among the graduates of typical colleges has declined from 60 to 70 per cent to less than 10 per cent."

An examination of the figures collected at the close of the nineteenth century from 37 representative colleges discloses the fact that the ministry takes between 5 and 6 per cent of the university graduates, which marks the lowest point for that profession during the two and one-half centuries of American college history.

Between the years of 1896 and 1900, only 365 students were graduated from thirty-seven representative colleges and universities, or 3.9 per cent of the total number graduated, which was over 14,478.

A strenuous hike of seventy-six miles at a stretch without sleep or extended rest, and every man and horse in perfect condition, was the rare feat which Troop G, of the Fifth U. S. Cavalry, on duty in Honolulu, H. I., recently accomplished. War Department officials here say theirs is the record for the army in the islands and it has caused much favorable comment in service circles.

The troopers marched all night, being halted only at intervals of about three hours to allow the horses to graze for about fifteen minutes. The men, who were on the journey nineteen hours, took only two sandwiches apiece and a canteen of cold coffee. The results of the march show, officials in charge of the forces on the islands say, that the soldiers are in the best of condition and are fit for the hardest test should they be called on to make it.

Leaders in a new movement known as the "Sea Scouts" are trying to interest navy department officials in the work of the organization, which originated in Boston this summer. The idea of the Sea Scouts, as explained to the department, is closely allied with the Boy Scout movement, but teaches and practices at sea many traits that are taught the Boy Scouts in the field. In effect the organization forms the maritime section of the Boy Scouts of America, and is under the charge of Capt. DeWitt Coffman, U.S.N., commandant of the Boston Navy Yard. Lieutenant W. R. Furlong, U.S.N., commanding the U.S.S. Chicago, and A. A. Carey of Boston.

An officer of the navy connected with the new movement says that by reason of the life the Sea Scouts must lead, and the various duties they must perform, together with the pleasures the water offers, the movement is expected to afford in some respects a much better opportunity for imparting and practicing the

manly virtues than even the Boy Scout movement does. Organizers of the Sea Scouts expect the activities to extend to other cities along the Atlantic coast in the course of a few years.

At Boston a schooner has been fitted up with berths for twenty boys for cruises of two weeks for each lot. The lads are from 14 to 16 years of age, and it is they who man the schooner and sail her. A responsible man of excellent character and seamanlike qualities is the captain. Discipline, cleanliness and etiquette are attained by conducting the routine on board the schooner in a strictly man-of-war fashion.

Reports of a new record in excavating have just been received at the Isthmus Canal Commission, showing the highest monthly steam-shovel record since the beginning of American operations on the isthmus. Engineer J. H. LaRoue, of Steamshovel 357 working in the west borrow-pit of Gatun Dam, excavated during the month of August a total of 88,844 cubic yards of earth and rock. A total of 2,433,353 cubic yards of earth in what is known as wet and dry excavation, was removed during the month of August. An average daily force of 18,890 men is maintained at present on the Canal.

FIRST APPLE DAY IN CALIFORNIA IS OBSERVED TO-DAY

LOS ANGELES, Oct. 10.—Today is the first California Apple Day, so eat California apples, everybody, men, women and children, from one end of the state to the other and from the coast to the eastern boundary.

Probably 5,000,000 apples will be eaten today at the conservative estimate of two apples to every inhabitant of the state. Hotels, restaurants, dining cars and steamers will serve apples in every imaginable form. It is a new way of announcing to the world that California is an apple state. It is intended to fix the attention of busy people on the fact that the apple is one of the most wholesome of fruits, that it grows to perfection here, and that it is lower in price than in former years.

The railroads are emphasizing the new celebration day on their diners. The white-capped chefs are striving to outdo one another in preparing dainty dishes with apples as the principal ingredient.

BAD COLD? IS HEAD STUFFED?

One Dose Pape's Cold Compound Gives Relief—Cure in Few Hours

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Get a 25-cent package of "Pape's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all Grippe misery; without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.

TRAMPS ARE ALIKE ON SHORE AND SEA; SEA ISHMAELITES

Whoever first named the wandering cargo steamship "tramp" did it in a moment of inspiration. A sea tramp and a shore tramp have more in common than the name. These steamers go everywhere in the same stoutry, aimless way, without knowing whether they will sail from the next port, and never knowing when they will get into the lane that leads home. Tramps ashore and afloat carry with them enough to cover their nakedness; the bare necessities of life suffice; they are involuntary ascetics. Tramp steamers have the pinched, hungry look of a city newsboy, for they were born in adversity, and the chill breath of economy constantly blows over them. They are the undermanned, underfed, overloaded Ishmaelites of the sea. Every seaman's tongue is against them, and the merchants of the world conspire to get their goods carried in them for nothing. It is seldom one hears anybody speak respectfully of a tramp. Men in liners, deep water vessels, and regular traders will allude with an infection of pride to "my ship," coasting men speak of "them tramps" with a sniff of scorn that defies interpretation. Those who go in them, especially the officers, speak in a depreciating, half apologetic way of their being on a tramp, as though caught where they should not be.

George McPherson Hunter, in Survey.

Saves Leg of Boy

"It seemed that my 14-year-old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctor treatment failed until we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25 cents at all druggists.

New druggists just arrived at Gilbert's. Splendid styles in corduroys, in brown, navy and wine, \$9.50 each.

LOS ANGELES PRODUCE MARKET

Sweet potato prices are a little stronger, and quotations range all the way from \$1.50 to \$2.25 a sack. A shortage is expected to be only temporary as locals are becoming more plentiful. Arrivals from the north are not heavy. Receipts of Irish potatoes yesterday were 2845 sacks. Most varieties of onions are coming in freely, although there has been a shortage in silverskins. Carload lots of onions from the North are selling at as low a rate as 75 cents a sack. Receipts were 215 sacks. Tomatoes are cheap again, and pretty good stock can be secured as low as 35 cents.

Fresh dates from the Arizona Experimental Farm at Tempe came in and sell at 20 to 25 cents a pound. Several shipments of very fine pomegranates from Tulare county arrived. The crop there is somewhat earlier than grown locally. Pomegranates are bringing about 6 cents a pound. All varieties of grapes are quite plentiful. They are quoted as follows: muscats, 50 to 60 cents; Tokays, 90 to \$1.00; Corbinas, 75 to \$1.00; black grapes of different varieties about 40 to 45 cents. The late crop of blackberries is just beginning to come in, and some of the products of fair grade was selling at about 7 cents a box. The price on bananas is a little higher than it has been. They are selling at 4 1/2 to 5 cents a pound. Toward the end of the week shipments are expected which will probably relieve the market. A car of local pear-main apples was received. Apple receipts yesterday were 2641 boxes.

Although butter is weak on the San Francisco market, the price is firm here. The receipts yesterday were lighter than usual, 18,396 pounds. This probably caused the firmness, as it is estimated that Los Angeles needs about 40,000 pounds or more of butter to supply her daily needs. There is little chance of a decline in the price, and considerable probability of further advances.

Egg receipts were a little heavier than they have been for several days—125 cases, but the tendency is firm, and the tendency toward strength. There was little activity in the staple market yesterday, and buying orders were limited.

SEE IT NOW

While the 175,000 young apple trees set out in the Yucalpa Valley are in leaf. How those trees are growing! And see the older trees bending low with big red apples. See the churches, schools and homes being built all over the valley. Go with us this week and see for yourself. The "South Branch," the cream of the valley lands, is now ready for reservations. The Baker Iron Works of Los Angeles is to furnish 31 miles of steel water pipe for this new subdivision. If you make your reservation NOW, you will save \$15 on each acre, because just as soon as the map is recorded this subdivision of 3000 acres will go on the market at the regular price, and no change will be made. So don't delay. We make the trip in one day, and a great trip it is. Come and see us. Phone Black 701.

SCHOOLEY & SCHENCK

504 North Main St. Santa Ana.

We now have a 50 acre alfalfa or beet land.

A 30 acre alfalfa with large pumping plant and fine buildings and improvements.

Ten acres of oranges and 5 acres of walnuts. Good improvements, at Tustin.

Also several fine 4, 5 and 6 acre tracts all at bargain prices, and will accept some trade.

SMITH & COOLEY

308 East Fourth St. Santa Ana, Cal.

AT THE COURTHOUSE

MCDONALD IS
FOUND GUILTY

Former School Principal is to
be Given Sentence on Fri-
day Afternoon

Jury That Went Out at 4 p. m.
Reached a Verdict at 8
O'Clock Last Night

R. C. Macdonald is guilty of wronging
Helen Hamblin, aged 14. This was
the verdict of the twelve men who
heard the evidence against Macdonald,
and who heard Macdonald's defense.

At 4 o'clock yesterday the jury re-
ceived the case. At 8 o'clock last
night with but few besides the officers
of the court, the prisoner and his wife
and sister being present, the door of
the jury room was unlocked by Deputy
Sheriff Law, and the jury took its
seats. Since the first trial had result-
ed in a hung jury, some expected yes-
terday's jury would hang. But it did
not.

"We, the jury in the above entitled
action find the defendant, R. C. Mac-
donald, guilty as charged," was the
verdict read by Foreman Stone.

Macdonald's wife, ill under the nerv-
ous strain of the trial, almost collaps-
ed. Macdonald covered his eyes with
his hands, and for the first time during
the trial he betrayed signs of emotion.

Judge West fixed 2 o'clock next Fri-
day afternoon as the time for sen-
tence.

As the result of the first trial, Dis-
trict Attorney West knew the de-
fense's evidence, and in this trial he
was able to meet it. With the aid of
Sheriff Ruddock, the district attorney
was able to get a line on Macdonald's
reputation at Templeton, where he
taught school before coming to Santa
Ana two years ago. The rebuttal con-
sisted of the evidence of residents of

that town to the effect that Macdonald's
reputation for "truth, honesty
and veracity" is bad. That the wit-
nesses who were here did not tell
more than that is said to be due to
the fact that the rules of evidence did
not allow the district attorney to ques-
tion them further.

The arguments in the case were ex-
ceptionally brilliant. Deputy District
Attorney Koepf's opening argument
was a handling of the evidence, not in
a drastic way but in a way that pound-
ed home the truth and held the atten-
tion of the jurors.

Attorney Epstein and Attorney
Clyde Bishop put themselves to their
best efforts. Bishop made a dramatic
appeal to the jury not to separate Mac-
donald from his wife.

District Attorney West, whose ap-
peals to juries have won him distinc-
tion among prosecutors, made a mas-
terful address.

Gets \$3000 Damages
Settlement by stipulation was en-
tered today in the case of Audrey
Waidler, a minor, against the South-
ern California Edison Company, by
the payment to the plaintiff of \$3000,
without costs. The girl sued through
her father and guardian, George H.
Waidler, asking \$20,000 damages. On
the morning of Oct. 19, 1911, a wire
belonging to the defendant fell
across a county road near Brook-
hurst. The girl came by on her way
to school, and seeing the wire lying
across the road attempted to pick it
up and throw it out of the way of
horses. As a result she was severely
burned, and it was alleged in the
complaint that permanent injuries re-
sulted to her hand. The plaintiff
was represented by Melrose & Ames
and Williams & Rutan, and the de-
fendant by Morton, Hoizer & Morton
and H. H. Townbridge of Los An-
geles.

Final Decree
Final decree of divorce was en-
tered this morning in the case of An-
geline Armstrong against Kavanaugh
Armstrong.

Marriage License
Lyman Tremain, 41, of Auburn, N.
Y., and Mabel Vance, 31, of Santa
Ana.

MAPS OF PROPOSED
HIGHWAY SYSTEM

The County Highway Commission
has had a quantity of maps prepared
showing in detail the proposed high-
way system for which bonds are to be
voted on November 4. Copies of the
map can be secured at the Chamber
of Commerce, or from Secretary Whit-
den, of the commission.

IN THE JUSTICE COURT

MADE IT UP
HUBBY FREE

Man Charged With Stealing
Wife's Auto Released by
Justice Cox

The case against George M. Tell,
charged by his wife, Ellen M. Tell,
with grand larceny, was dismissed in
the justice court this morning on mo-
tion of the prosecution. Some time
ago Tell and his wife agreed to sepa-
rate, and made a division of the
property. In the division, the wife
claimed, she got a Ford automobile
valued at \$700, but alleged that Tell
drove it off and retained possession of
it. He was arrested Sept. 5 on a com-
plaint sworn to by his wife.

In court this morning District At-
torney West announced that the pair
had made up and were living together
again, and moved that the case be
dismissed without prejudice, which
was granted.

Wife Beater Landed
Officers Law, Murray and Jackson
went out just west of the river this
morning and arrested Brigido Garcia,
a cholo, who is charged with having
beaten his wife almost to the point
of death. Complaint was made by
some of the neighbors, who said that
Garcia had been abusing his wife for
some time, and recently beat her so
badly that she was rendered com-
pletely helpless, being barely able to
crawl to the house of a neighbor,
where she has since been taken care
of. The officers found the woman in
what they considered a serious con-
dition, and the case was put in the
hands of County Physician Wehrly.
No charge has been put against the
man as yet, awaiting the outcome of
the woman's injuries.

Death Took Witness
F. H. Dunnam, charged with pass-
ing a worthless check for \$6.25 on
Mrs. M. H. Edenborough, proprietor
of the Newport Beach hotel, was be-
fore Justice Cox for examination this
morning. The prosecuting witness
told of having cashed the check and

having it returned as worthless, but
when it came to proving that Dun-
nam had no account in the Los An-
geles bank on which the check was
drawn it developed that A. E. Dem-
arest, the employee who had been
summoned for that purpose, had since
died. The case was continued until
tomorrow, when it is promised that
another employee of the bank will be
present.

HOME-COMING SOCIAL
FOR Y. M. C. A. BOYS

At the Congregational church next
Monday evening the Santa Ana Y. M.
C. A. will hold a "Home-Coming So-
cial," which will be for the members
of the association, the purpose being
to get together after the summer va-
cations and prepare for an active win-
ter campaign. Plans for the winter
will be talked over, those who have
been away will be asked to relate the
interesting features of their outings,
and there will be social games and a
good time for all, not omitting the
"feed." The stated admission fee is
"a cheerful smile" and a ten-cent of-
fering at the door to help pay for the
"eats."

The charter roll for the Boys' De-
partment will close on November 15.
Boys who have already joined can get
their cards from Martin Warren at the
postoffice.

MOROSCO BUYS INTEREST
OF JOHN H. BLACKWOOD

LOS ANGELES, Oct. 10.—Oliver
Morosco, president of the Morosco-
Blackwood Company which controls
the Majestic, Burbank, Beasico and
the new Morosco theater on Broad-
way, now building, yesterday bought
the interests of John H. Blackwood,
vice president of the concern, and
hereafter will conduct the affairs of
the combined payhouses under the
name of the Morosco company.

The purchase, which amounted to
something more than a tenth interest
in the company, incorporated at \$1,
000,000, leaves Mr. Morosco in abso-
lute control of about seven-eighths of
the stock, and therefore completely in
charge of the firm's interests, which,
with the completion of the new Mo-
roscos in December, will give him four
theaters in operation in Los Angeles.

MISS LLOY GALPIN TO TOUR
STATE FOR PROGRESSIVES

LOS ANGELES, Oct. 10.—Miss
Lloy Galpin, a member of the Jane
Addams chorus and the Roosevelt
Progressive Republican League, has
been appointed by the executive
board to tour the state and speak in
behalf of the woman's campaign of
the Progressive party.

This brilliant young speaker will
start Saturday covering an itinerary
that will include both southern and
northern California. She will be
gone one month.

Miss Galpin will speak on "Why
the Progressive Platform is a Woman's
Platform." Her oratory on this
subject was heard recently at a re-
hearsal of the Jane Addams chorus,
when several hundred women and
some twenty-five men sat breathless
to hear every word.

LOS ANGELES HAS GIVEN
\$22,285.50 FOR SEA-TO-SEA ROAD

LOS ANGELES, Oct. 10.—The Los
Angeles Investment Company made
the third first-class subscriber to the
Ocean-to-Ocean highway fund when it
droke into the \$1000 division through
President John S. Mitchell of the
Los Angeles-Colton-Yuma auxiliary.
Small subscribers brought yesterday's
addition up to \$1205, making a total
subscription here of \$22,285.50.

BIRCH'S WELL
ON THE JOB

It Keeps on Pouring Out 2500
Barrels a Day—Union
Seeks Strata

Los Angeles Times: The Union
has started two wells in Brea Canyon
for the strata from which the Birch
Oil Company and the Columbia Pro-
ducing Company have secured the
heavy flow of oil in their wells. The
Birch well has been producing steady-
ly about 2500 barrels a day and the
Columbia well looks good for a main-
tained output of at least 1500 barrels.

One of the Union's wells is the
Stearns No. 53, which is down about
350 feet. This is to the east of the
Birch. The other is the Naranjal No.
1 which is to the west and is down
about 190 feet.

It is expected to go about 3000 feet
deep on these wells. The Stearns
lease is the oldest holding of the Union
in this locality and is on the op-
posite side of the canyon from the
Birch Orange and General Petroleum
wells.

REDLANDS PIONEER,
DR. J. A. MACK, DIES—
WAS ILL TWO YEARS

SAN BERNARDINO, Oct. 10.—Dr.
J. A. Mack, a pioneer resident of this
valley, died yesterday after two
years' illness. He came to Redlands
from Chicago in 1886, being a mem-
ber of the original Chicago colony
which settled in that city and set out
some of the first citrus groves. He
conducted the old Prospect House in
Redlands for several years before
moving to San Bernardino in 1896. He
was born in Syracuse, New York,
seventy years ago. He was a veteran
of the Civil War. A widow and three
grown sons, residents of this city,
survive.

THREE LADS DROWNED

Redlands Boys Lose Lives in icy
Waters of Bear Lake in
Bear Valley

REDLANDS, Oct. 10.—The icy wa-
ters of Bear Lake, in Bear Valley,
claimed three victims Tuesday, al-
though the bodies have not been
found. They were Howard Dutro,
twenty-one years old, son of Mr. and
Mrs. J. H. Dutro of this city; William
Talmadge, aged twenty-one, and Otis
Talmadge, aged eleven. The drown-
ing was not discovered until this
morning.

Embryo Philosopher

Small Robert was an embryo phi-
losopher. One evening he sat for
some time seemingly lost in thought.
"What are you thinking about, Robert?"
asked his mother.
"Oh," he replied, "I was just won-
dering where today would go when
it gets to be yesterday."

"SOCIAL ETHICS" AT
STATE NORMAL WILL BE
OF AID TO YOUNG GIRLS

A new course, compulsory
and to be taken before gradua-
tion, has been adopted by the
State Normal School of Los An-
geles. The title of the course
is "Social Ethics," and is differ-
ent from that given in any
other school. It is given in the
form of weekly lectures by
Mrs. Alice Hunnewell, and in-
structs as to etiquette of the
street car, the cafeteria and
the street.

Following are suggestions
from the "Social Ethics"
course:

Ethics of the Street
In seeking information from
a stranger, always prefix your
question with "Pardon me."
Never talk or laugh loudly.
Do not be extreme in your
dress or wear loud colors—it is
bad taste.

Never chew gum on the street
—it makes you appear bold.
Be courteous and pleasant to
the stranger who offers you
assistance, but guarded and re-
served.

Ethics of the Street Car
Always thank the man who
offers you his seat on the car.
If you are with a young man,
it is his place to tip his hat and
thank the man for you.

Be respectful of age. Al-
ways offer your seat to an el-
derly person or a woman with
a child in her arms.
If the man who sits near you
blows smoke in your face, it is
proper for you to ask him to
change seats with you.

Never engage in loud conver-
sation on the street car and
tell all the other passengers of
your private affairs or your
new dress. Be careful of men-
tioning names.

Ethics of the Cafe or Cafeteria
Be careful about your table
manners—there are few things
more indicative of culture, re-
finement and breeding.

Be courteous but reserved
when someone sitting at your
table speaks to you.

Always repel the attempt of
a man who attempts to strike
up an acquaintance.

Never come from a cafe with
a toothpick protruding from
your mouth—it makes you ap-
pear coarse.

Ethics of Conversation
In your conversation never
appear flippant or bold.
When talking to a young
man, always be careful lest he
misconstrue some remark you
may innocently make.

As to your association with
young men—use your intuition.
Your intuition can tell you
whether his motives are proper
or not.

Y.P.B. SOCIETY OF
GARDEN GROVE TO
MEET NEXT FRIDAY

GARDEN GROVE, Oct. 10.—The
Y. P. B. will hold the regular meeting
next Friday evening with the Misses
Maud and Leona Holland. A full at-
tendance of members is desired.
The topic for discussion will be
"Beer—What it is, and What it Does."

COMMISSION, REDUCES
PASSENGER SCHEDULES

SAN FRANCISCO, Oct. 10.—The
railroad commission rendered a deci-
sion yesterday approving modifications
of the schedule of passenger rates on
the large carriers of the state which
were adjusted to conform to the new
long and short haul section of the con-
stitution.

Fares from Bakersfield and points
north thereof and points east of Col-
ton will be reduced about \$1.50 per
scrip ticket. Points on the coast di-
vision south of San Jose are also af-
fected to a slight degree.

Fares from San Francisco, Oakland
and Berkeley to Los Angeles, San
Bernardino, Riverside, Santa Ana and
intermediate points will be reduced
two cents.

Blanket sale on at Gilbert's. Blan-
kets at 69c, 89c and up the pair. Big
values at Gilbert's.

What
We Do

We do more than cut
to your measure, we guar-
antee to fit you.

We give to every indi-
vidual suit that intangible
something known as char-
acter.

When we put a suit of
our clothes on you they fit
your individuality as well
as your size.

Every suit we build is
given the highest degree
of care to every detail.

We put extra values in-
side, where you can't see
them unless you rip the
suit open, but time will
show they are there.

We build the "insides"
of French haircloth and
Irish linen canvas, and it
always holds its shape.

Suits made by us always
press up so nicely because
they have the right mater-
ials inside.

One of our customers
could not be induced to
buy a suit of any other
than our house.
